ADDENDUM TO EXEMPTION APPLICATION

Indiana Residents

It has come to our attention that Indiana does not include accidents on motor vehicle reports unless you did not have insurance at the time of the accident or the accident resulted in a suspension of driving privileges. Therefore, you must request through the Indiana State Police that a search be done to verify whether or not you have been involved in any accidents during your 3-year driving period. Please contact the following to request your accident record search:

Open Portal Solutions
Vehicle Crash Records
374 Meridian Park Lane, Suite B
Greenwood, IN 46142
(317) 215-8300

If the Indiana State Police finds you were not involved in any accidents, you must send us a copy of the document stating no accident involvement. If the police do find you were involved in any accident(s), you must send us copies of the accident report(s). Please note: We need to see accident reports for both commercial and non-commercial accidents.
